The retention of the lower car park at the Knowle, will help to save the economy and vitality of our high street. Sidmouth is renowned for its number of independent traders giving the people of Sidmouth plenty of choice.

The new 'Belly Bins' that have appeared on the seafront compresses the waste so that the 'bin' holds much more waste. It sends a signal to EDDC Streetscene to say when it is full and needs emptying, therefore reducing the numbers of litter bins required on our seafront.

The Conaught Gardens has won the Green Flag again for their excellence. This is a nationwide award. Our thanks to all the East Devon Gardeners who make sure it is up to standard.
